Theatre Corporation Will Build String of Movies

A fine new theatre play-house is in progress of construction. It will be at the corner of 11th street and 10th avenue, opposite the Ramsey store where construction operations are being pushed forward. In May on a plot of 100 ft. by 100 ft. the theatre corporation, a company, formed in October of 1918, the new theatre will be ready for opening, according to the present plans of the corporation, and the construction is proceeding with the promise of a most attractive play-house in Canada.

Edmonton capital is interested in the undertaking, and the company will be incorporated under the laws of Alberta in the spring of the next year.

The theatre corporation, from England is the main promoter, and associated with him are the Marquis of Queensberry and John James Anderson.

Plans for a picture palace in Edmonton are now in the air, and have already made initial arrangements for what looks like one of the biggest building schemes of the year. An option has been taken on the property, and the plans and specifications for the new theatre are under way. The building will be of white stone and marble, and will be devoted entirely to the purposes of a picture theatre but with certain necessary features that will be new not only to Edmonton but to Canada. Among these will be a large balcony, a dancing floor and a large hall in the basement for orchestra. The theatre will be a real picture theatre. There will be writing and smoking rooms and a ladies' parlor. The architect will be the architect of the theatre.

Phonograph and other musical instruments will be on hand while they view the picture. There will be writing and smoking rooms and a ladies' parlor. The architect will be the architect of the theatre.

A Chain of New Houses

Options have been taken on property in Red Deer, Camrose and Wainwright, where the company proposes to build new picture houses on its own capital. Ultimately there is to be a chain of about fifteen houses in Alberta. Mr. Smith takes the Journal as the central point will be taken up gradually and as business conditions warrant. Edmonton will be the first on the list, and will be the headquarters of the concern.

Edmonton firms will be specialized in the new theatre. Mr. Smith will introduce a number of features from the old country, and is having some additional plays prepared, including "The Days of Fairplay".

DAYLIGHT SAVING MAY NOT BE EFFECTIVE THIS YEAR

Ottawa, March 12.—It is beginning to look as if the daylight saving bill will fail by the roadside. The members are strongly opposed to the measure and are urging the government to drop the bill.

It is understood that Hon. T. A. Cresser shares this view. In the United States the daylight saving bill came into effect April 1. Congress rejected the measure was considered, although a bill has been introduced to have the statute repealed.

EDGERTON NEWS

A great many farmers are in town these days after seed grain.

Mr. Fred Gray is in Edmonton this week with a number of cars of cattle and hogs.

The village council met on the evening of March 11th in Miller's hall. Those present were Reeve Gray, Councilor Wheeler, Councilor Jackson, being absent. A few bills were passed and different matters discussed. The appointment of an assessor for the village was taken up. Mr. George Ryan with did the work last year, for \$25.00 offered to do it for the same this year. Councilor Wheeler thought the work of assessor should be put up to tender on. Mr. Josh referred him to a clause in his Ordinance showing that to be illegal. After some discussion it was moved and passed that Mr. Josh be given the work at \$25.00.

Your correspondent questions the advisability of appointing Mr. Josh at this salary without making any attempt to find out whether the work could be done at a less figure by other men.

Mr. Jack Bryant of Wainwright has rented Earl Gorton's pool room and hall. Mr. Bryant is an experienced barber and a returned man, and will work at the pool room with the running of the pool table. Mr. Bryant is a hearty welcome to our town and wish him every success.

Mr. Charles Fried has been away for a month's holiday and surprised his friends when he returned with his wife. We extend our best wishes and hope their journey through life may be a happy one.

After Isabel Powers has resigned her position in the Merchants Bank.

ALBERTA BOY GIVES REASON FOR BIG RIOTS

Pte. W. H. Clarke late of the 8th Battalion and the son of the late Commissioner S. J. Clarke, of Calgary superintendent of the Royal Canadian Mounted Police, the 14th Battalion who arrived back home the other day fully confirm the statement as to the cause of the trouble at the Kinnel park camp riot. It is just a matter of time before the rioting will be in connection with transportation. Both these men also state that much of the blame attached to those in charge of the official papers; it is quite a common thing for boys by some means to be misled or lost, and this is much resented by the soldiers. An other failure in connection with the riot is that men who have never been in France have been given preference over those who have been in the trenches for four years or more.

G. T. P. Now in Receivers Hands—Govt. Steps In

Ottawa, March 10.—Hon. J. D. Field, minister of railways has been appointed receiver of the Grand Trunk.

The appointment follows an official notification which Mr. Thomas White received on Thursday from the vice-president of the Grand Trunk Pacific a notification that in view of the fact that the increased rates applicable to the Grand Trunk Pacific railway have not been sufficient to meet the increased operating expenses, it would not be possible for the company to continue its operations beyond March 10th.

In view of this notification it became necessary that the government should in the public interest immediately take steps to ensure the continued operation of the system.

Under existing legislation this could not be accomplished by an application to the courts for the appointment of a receiver. The War Measures Act, however, was found to provide adequate authority for action by the government and consequently an order in council was passed appointing the minister of railways receiver for the Grand Trunk Pacific railway system, which includes the branch lines, telegraph, steamship, hotel and development and other companies.

W. P. Hinton, general manager of the Grand Trunk Pacific railway system, has been ordered to continue the operation of the system, to have the branch lines, telegraph, steamship, hotel and development and other companies.

An important feature of the order in council is that which preserves to the government as either an ultimate remedy which it possesses under the provisions of the War Measures Act, or otherwise as a condition of the system. Similarly, the order and remedy which it possesses under the provisions of the War Measures Act, or otherwise as a condition of the system.

The acting prime minister, Mr. Borden, made a full statement to the house regarding the matter. He will lay upon the table a copy of the order in council and read the correspondence leading up to and including the action taken by the government. Legislation will be introduced for the purpose of obtaining the sanction of parliament to what has been done.

RED CROSS SOCIETY FRIED CATS A NEW DELICACY

Following is a paragraph that appears in a letter from the Red Cross Headquarters at Calgary received by the Local Branch.

"In connection with the Relief work which the Red Cross Society is doing in the Province of Alberta, as a result of the economic crisis here, arising from the influenza epidemic, we find that in many cases, food and clothing are not available to the needy."

"It has been suggested that possibly our local organization could help to help us in this work by collecting such articles and forwarding them, if available for this kind of work, to the Provincial Depot. You will readily see, of course, that it would be useless to send to the depot goods without proper labels, as only clothes which are in good state of repair and made of suitable materials, could be used. Such things as shirts, socks, stockings, and coats and shirts, men's, women's and children's underclothing, men's suits, overcoats if cleaned and mended, are all very acceptable to families who find it difficult to provide sufficient clothing for themselves."

"Will any person who has cast off clothing of any description kindly leave same at the Red Cross Room."

"The Local Branch are taking this opportunity to again remind all Red Cross subscribers that if they subscribe two dollars a year or more to the funds of the Red Cross, they have qualified as members of the society and will be welcomed at the meetings."

"The regular meeting is held the first Friday of each month in the Council Chambers at 8 p.m."

J. H. LEWIS RELEASED

Prince Albert—J. H. Lewis, sentenced to three years in Prince Albert penitentiary for breach of contract, was released Monday and left on the 9:25 train for Saskatoon. The order was signed by Mr. Justice Macdonald.

That the provincial government will stand security for an advance of over \$700,000 in the purchase of seed grain throughout Alberta during the next three months, was the announcement of Hon. Duncan Marshall in the legislature Friday.

The house dealt with the new seed grain act as a committee of the whole and agreed to amendments proposed by the minister, of agriculture promising loans up to \$250 of which sum up to \$50 may be expended in purchasing feed for the spring work this year to consist of either grain or hay, or both. The rate of interest upon these notes is placed at 7 per cent and the notes will mature November 1, although definite assurance was given by Mr. Marshall and by Premier Chalmers that it is not the government's intention to press any farmer for payment at that time when the circumstances would appear to warrant a further extension.

The house, divided on the endorsement of the motion to make the notes mature on November 1, J. H. Lewis and others in the minority contending that the date should not be before December 1st.

Mr. Hallett of Edmonton has just recently returned from Calgary where he has been interviewing C. P. R. officials regarding the purchase of seed grain, and arrangements have been made whereby those farmers can take advantage of the \$250 offered by the government.

D. W. Hansen was re-elected secretary treasurer of the municipality with an increase of salary to \$100 per month. An office has been engaged and the secretary may now be found there in the Wainwright town hall and at any time, unless absent on business of the municipality.

A committee was appointed to take up the question of police equipment and report at next meeting.

The report of F. H. Bailey was read, and he was asked to take up the question of the control of non-residents stock running at large within the municipality and will proceed to Edmonton to secure advice on procedure from the different departments interested.

Moved by Councillor Traynor that all minutes of meetings be published in condensed form. Carried.

GOOD TIME ASSURED TO ALL—GIVEN BY THE HALL DIRECTORS

Locals

The Wainwright Flour mill has been running at full speed in our town since this last week, working in conjunction with the municipality of GRI Edg.

The U. F. W. A. will hold a third party in the Elite theatre on Friday March 21st. Progressive whist and five hundred will be played. The proceeds of the party will be devoted to raising up a play room in town for the benefit of farmers' wives, while in shopping.

Midweek Institute had a good time last evening continuing the study of the book "The Messiah of the Masses" from 8 to 9 o'clock and from 9 to 10 was spent listening to recitations and readings from James Whitcomb Riley's works. Next week the recitation hour will be in charge of the Misses Doherty.

Mrs. M. H. Hoffmann, past noble grand of Adeline Rebekah Lodge, has been appointed district deputy president for the year 1919.

Mr. Brown and Mr. Brady, of Edmonton, the former provincial organizer of the G. W. V. A. and other talented soldiers, were in town last week looking over some land they intended to purchase under the new Soldier Land Settlement scheme.

A very delightful supper was tendered to members of the G. W. V. A. at the home of the president, Mrs. N. E. Pringle. Many questions were taken up and discussed.

O. J. Elder is unloading two car loads of Fordson tractors this week, and placing them in his garage.

The success of the skating and dancing party at the rink on Tuesday, 5th, by the T. O. D. E. was rather marred by the cold and stormy weather.

The new dancing method, on ice, was quite well patronized. The dancers were experienced and the band furnished the music. After the dancing an indoor baseball match was played, between two picked teams. The match afforded good fun, and was a new feature in ice sports.

A box social and dance will be held in Rosedale school on March 21st, at 8 P. M. The evening's entertainment is under the auspices of the hall directors.

Brigadier Hay, of the Salvation Army, was in town Wednesday in connection with organizing a campaign for the Red Shield fund. The Salvation Army are endeavoring to raise \$35,000 in northern Alberta, for the purpose of assisting in the reconstruction and adjustment of the returning soldiers. He will give a lantern lecture next Tuesday evening in the Elite theatre.

Pts. Dick Pierce, well known in the town, returned from overseas last week.

W. Hazard and Jack Liddle have entered into partnership in a garage business in the old McLaughlin garage. They will run a library in the summer, and will do repairing and overhauling of cars. They will have a full line of accessories, and specialize in vulcanizing.

The T. O. D. E. wish to thank all those who helped in the skating party Tuesday, for their kind assistance. The sum of \$29.95 was taken in.

Mr. E. N. Fraser has purchased a new car from O. J. Elder.

The Fordson Tractor AT A GLANCE

THE FORDSON IS LIGHT—weighs only 2700 pounds.
THE FORDSON TRACTOR is economical—both to buy and to operate—two gallons of kerosene per acre plowed is a fair average.
THE FORDSON TRACTOR is powerful—will pull 14 inch plows in the stiffest soil or drive a threshing machine—maintains 1800 pounds drawbar pull at plowing speed—2500 pounds on low gear. Twenty to twenty-two horse-power is available at the belt pulley.
THE FORDSON TRACTOR IS DURABLE—simple, rugged, accessible in design with few parts. The tough, cast steel which science can produce are used to give strength and durability instead of depending on heavy masses of metal. All moving parts are enclosed and lubricated—oil is washed clean to protect the motor.
LIBERAL TERMS—IMMEDIATE DELIVERY.
